

Meeting of the Biological Club.

CHEMISTRY LECTURE ROOM, March 1, 1909.

At the regular March meeting of the club, a special program in commemoration of the centenary of the birth of Chas. Darwin was presented. About 200 faculty members and teachers of science in the Columbus and neighboring schools, responded to the printed invitations which were distributed to the members of the club and others. President W. O. Thompson, honorary chairman, not being able to be present, the chair was occupied by Miss Freda Detmers, president of the club. The program was an attempt to cover briefly the many phases of the activity of Darwin in his long and useful life devoted to science.

The following subjects were presented:

1. Darwin's Character and Method of Work,
Professor F. L. Landacre
2. The Influence of Darwin's Work in Geology,
Professor G. D. Hubbard
3. Darwin's Contributions to Zoological Science,
Professor Herbert Osborn
4. Darwin in His Relationship to British Stockmen,
Professor C. S. Plumb
5. Darwin's Contributions to Horticultural Science,
Professor V. H. Davis
6. The Work of Darwin in Physiological Botany,
Professor A. Dachnowski
7. Darwin's Contributions to Botany, Professor J. H. Schaffner
8. Darwin and Modern Philosophy, Professor A. E. Davies
9. Darwin and Modern Psychology, Professor D. R. Major

No business session was held, the entire evening being given over to the reading of the papers.

ARTHUR H. MCCRAY, *Secretary.*
